

URBAN

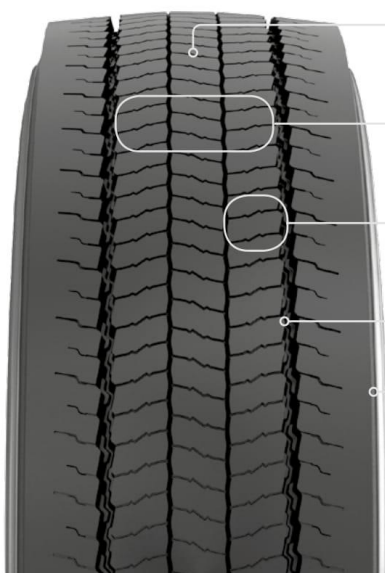

MC:01™

EFFICIENCY, COMFORT AND SAFETY FOR URBAN TRANSPORT.

DESIGNED TO OFFER GREAT MILEAGE, REDUCED FUEL CONSUMPTION, ENHANCED ROAD GRIP AND RIDE COMFORT.

- Deep siping to ensure **traction**, improve **grip** on wet and slippery surfaces and **reduce braking distances**
- Innovative central tread groove geometry (Pirelli patent) to reduce rubber movement ensuring **low rolling resistance** and **high mileage**
- Closer tread lugs to grant rolling resistance reduction, a greater land to sea ratio to **enhance great mileage** and **low noise generation**
- Groove geometry specifically designed to improve the expulsion of stones and **prevent casing damage**
- New sidewall geometry (Pirelli patent) for **high impact resistance**, increased sidewall duration
- Increased **load index**
