

ST:01™ 17.5" / 19.5"

DESIGNED FOR FITMENT OF TRAILER AND SEMI-TRAILER TO ENSURE RESISTANCE TO LOAD, ROBUSTNESS, MILEAGE AND RETREADABILITY.

- Increased tread width and groove depth to **enhance mileage**
- Reinforced sidewalls provide **resistance to lateral impacts and abrasion**
- 4 Zig-zag shape grooves and robust ribs designed to deliver **great lateral holding** as well as **high tear resistance**
- Optimized tread profile for a correct distribution of footprint contact pressure, able to improve **even wear** and ensure **high mileage**
